Section I. Welcome to the Mulvane School District

Welcome

Support Staff personnel are those employed in positions for which the Kansas State Board of Education does not require a certificate or license. This classification includes secretaries, clerks, aides, bus drivers, custodians, paraprofessionals, food service personnel, crosswalk guards and maintenance personnel. Employees agree to follow the rules and regulations set forth by the Board of Education and are responsible for knowledge of these policies and employment expectations. This handbook is not part of the contractual agreement with employees.

BOE Policy Statement Regarding Support Staff and Governance Procedures

All support staff personnel employed by U.S.D. #263 shall be employed under the terms and work agreements specified in the Support Staff Employee Handbook. This handbook will be regarded as policy, shall be binding as such and shall be reviewed annually by the Board of Education, Superintendent of Schools and representatives of the support staff of the district. Every attempt will be made to consider the needs of the support staff personnel while it is understood that terms shall not be negotiated.

This handbook includes only a brief description of the benefits offered by the district and an overview of its policies and procedures. It is designed to be a reference guide as well as to provide initial information to new personnel. Nothing in this handbook in any way creates an expressed or implied contract of employment. All work agreements issued to support staff employees are subject to the terms and provisions of the Kansas Cash Basis Law, K.S.A 10-1101 et seq., and the Kansas Budget Law, K.S.A. 79-2925 et. seq., and amendments thereof or supplements thereto, respectively.

Support Staff Mission Statement

The mission of the USD 263 Support Staff is to support the district mission and outcomes through positive communication, appropriate training and productive service.

Section II. Employment

Equal Opportunity Employer

The District is an equal opportunity employer and shall not discriminate in its employment practices and policies with respect to hiring, compensation, terms, conditions, or privileges of employment because of an individual's race, color, religion, gender, age, disability, or national origin.

Supervisors will assure that positive steps are taken to comply with this policy. They are required to be aware of potential discrimination situations, quickly resolve any discrimination issues that arise, and refrain from retaliation or harassment against any employee involved in the filing, investigation, or resolution of a discrimination claim. All employees are required to cooperate fully with the investigation and resolution of all discrimination complaints. The district has a "Complaint Handling Procedure" designed to address and resolve complaints of discrimination, including retaliation and harassment, as quickly as possible.

Loyalty Oath

As required by K.S.A. 54-106 and K.S.A. 75-4308, all employees shall sign a loyalty oath, and file the oath with the clerk of the board before beginning employment and to be eligible for a paycheck.

Nepotism Policy (revised 11/14/22)

The district permits members of the same family to work in the district. Unless approved by the Superintendent, the district will not consider individuals whose employment would result in a direct supervisor/subordinate relationship.

Relatives are defined as: parent, spouse, child, sibling, grandparent, grandchild, aunt, uncle, cousin, in-law or step relative.

Assignment of Personnel

Support Staff shall be assigned to the various attendance centers, for the following year, at the time of their employment. This assignment shall be made cooperatively by the employee's supervisor/director, principal and Human Resources. These assignments shall be subject to change, if such change is deemed to be in the best interests of all concerned.

Employment Terms

The employment of all new hires must be approved by the Board of Education before the first day of work unless conditional employment is approved by the Superintendent. Each support staff employee must have the following records/forms on file with the human resource department on or before the first day of employment:

2. Loyalty Oath Form signed and notarized
3. Employee's Withholding Allowance Certificate Form W-4 and K-4
4. Health Certificate
5. Section 125 Cafeteria Plan Enrollment Form (if eligible).
6. KPERs Enrollment Form and Designated Beneficiary Form (if eligible).
7. Application for employment
8. Confidentiality Agreement
9. Internet Use Policy

Physical Examinations/Health Certificates

At the time of employment, new employees and substitute employees must submit to a physical examination as a condition of employment and be declared in good health and free from any contagious diseases by a qualified medical doctor. The Health Certificate, provided by the Human Resource Department Office, shall be completed and signed by a person licensed to practice medicine, to the clerk which states "that there is no evidence of a physical condition that would conflict with the health, safety, or welfare of the pupils; and that freedom from tuberculosis has been established. If at any time there is reasonable cause to believe any employee is suffering from an illness detrimental to the health of the pupils, the board may require a new certification of health" (KSA 72-5213). The TB test shall be renewed every three years.

Support Staff district employees and Support Staff substitute employees are allowed to go to their own doctor for the physical exam when required and the district will reimburse the employee up to \$75 (revised 6/28/04) when they provide a receipt (revised 6/29/98). All lunchroom employees shall be required to obtain a Food Handlers Card, as issued by the Sedgwick County Health Department and shall be kept on file in the office of Human Resources. The district shall have the right to require that an employee submit to a medical examination at any time during employment should a question arise as to the ability of the employee to satisfactorily perform their assigned duties due to physical or mental incapacity. The expense of the medical examination shall be borne by the district.

All lunchroom aides shall be required to maintain CPR/choking certification.

Training Period

Newly hired support staff shall be employed for a training period of 90 calendar days when school is in session. During the training period, the employee demonstrates their ability to fill the position before being placed on regular status. Employment may be terminated at any time upon recommendation of the immediate supervisor. When the training period has ended, the immediate supervisor will conduct an evaluation to determine if the employee will be recommended for regular status. No reimbursements or district items (except reimbursement of health certificates) will be available until after the training period.

Rules and Regulations

Each employee shall be responsible for fulfilling their duties within the rules and regulations of the Board of Education, as well as outlined in the position description and administrative directives. Employees shall not attempt to interpret policy or advice teachers and other employees in regard to administrative and curriculum areas of the school. Care should be taken that employees do not trespass in areas that are not their concern. It should be remembered that school matters are to be left at school.

Line of Authority

All support staff personnel shall be directly responsible to the immediate supervisor of the building to which they are assigned; Building Principal, Director, and ultimately, the Superintendent of Schools. They shall assume such duties as assigned by their supervisor and follow the directives of the Building Principal in situations where the children's welfare is at stake, in emergency situations, or in all matters pertaining to the safety of children.

Involuntary Transfers

Transfers of employees may be made by department directors in consultation with Human Resources whenever the best interest of the school or the department is served by the transfer.

Employee Requested Transfer

An employee requesting a transfer must submit the request in writing to the Director of Human Resources. This request must be signed by the employee and employee's immediate supervisor. After the transfer request has been received by Human Resources the employee may be interviewed for a posted vacancy. The transfer request only gives the employee the right to be considered for an interview. When more than one employee requests to be transferred to a vacant position, the vacancy will be filled by the best qualified applicant. An employee must meet the requirements for the position to which transfer is requested before consideration may be given to the request. The principal or immediate supervisor will determine the transferee or applicant best qualified to fill the vacancy.

Transfer Notification

Employees will provide a two week notice to their current supervisor when a transfer has been approved. Department Directors/Principals may modify the two week notification policy when a transfer serves the best interest of the District.

Vacancy Announcements

Vacancies for support personnel positions will be posted in all buildings and on the district's website.

Section III. Attendance and Time Off

Tardiness and Absenteeism

To maintain a safe and productive work environment, the district expects employees to be reliable and to be punctual in reporting for scheduled work. Dependability and regular attendance are required for employment. Employees are expected to follow their work schedule hours. They should arrive at the designated work location in time to be ready for work by the time indicated on their schedules.

Absenteeism and tardiness place a burden on other employees and on the school environment. In the rare instances when employees cannot avoid being late to work or are unable to work as scheduled, they should notify their Supervisor as soon as possible in advance of the anticipated tardiness or absence. Habitual tardiness and absenteeism is a cause for disciplinary action up to and including termination.

Employees should notify their Supervisor immediately when unable to report to work each day they are absent and advise when they will report back to work. Failure to communicate with the Supervisor for three consecutive days during an absence may be considered job abandonment.

Workweek (added 6/24/13)

For the purposes of Fair Labor Standards Act (FLSA) compliance, the work week will be 12:00a.m Sunday until 11:59p.m. Saturday.

Vacation

Full-time and part-time 12 month employees are eligible for paid vacation at their scheduled hourly work assignment. (EX: a 4 hour per day employee who has worked in the district 2 years would be eligible for 10 days of paid vacation leave at 4 hours per day.) Vacation shall be posted on July 1st of each budget year. Employees hired after July 1st will earn vacation at the rate of .83 (10/12) days per month to be posted the following July 1. Unused vacation time shall not accumulate and must be used by June 30 unless written approval is given by the Superintendent. Request for vacation time must be made on the "Time and Attendance" system. A maximum of 10 consecutive workdays can be taken at one time. Vacation leave must be approved by the immediate supervisor and/or superintendent and will be granted according to the following schedule. Employees leaving the district /transferring divisions may be paid for accrued vacation at the regular rate of pay and upon approval of the superintendent. Past experience in the district shall be applied when an employee transfers to a 12 month full time position when assigning earned vacation. (revised 6/29/98) (EX: If a bldg. secretary takes a 12 month position in the district, years of continuous service are figured as # of years in district x 10.5 months divided by 12 thus determining vacation time.) When moving between vacation leave increments, the leave shall be calculated by rounding up to the next year of continuous service. (EX: If an employee has 6.36 years of continuous service as of July 1, vacation leave would be awarded at a 7 year level and the employee would receive 15 days of vacation leave.) (revised 7/01). Any person called to active military duty would earn vacation leave according to the schedule set forth in this handbook. If the employee is required to report to duty before all vacation leave is taken, the employee will be paid for their unused days. (revised 2/8/05)

1-6 years of continuous service	10 days
7-19 years of continuous service	15 days
20+ years of continuous service	20 days

Vacation will continue to accrue during absences for military reserve duty, approved paid leave of absence, illness and/or disability to a maximum of one year with documentation of the disability, or absences covered by workers' compensation until benefits have been received up to a maximum of one year or until the date a permanent award is made, whichever occurs first. (revised 6/22/09)

Holidays

Full-time support staff that have completed the 90 day training period (revised 6/22/09) shall receive paid holidays according to the following schedule. Holiday pay will not exceed the number of hours in the normal work day. Building Offices will be closed during holidays as designated by the school calendar. Part-time employees (less than 30 hours per week) do not receive any paid holidays. The 30 hours per week may be from a combination of jobs as long as the jobs are permanent (not substitute) positions approved by the BOE and as long as they equal over 30 hours per week. Personal Time Off (added 07/08)

The District maintains a Personal Time Off (PTO) Program for the purpose of providing employees with the opportunity to take time away from work without loss of compensation. The PTO Program is time off intended for use in connection with short-term illnesses, personal business, family care, and other needs which may require time off from work. Employees must work at least 20 hours per week to receive Paid Time Off. (revised 6/22/09)

All classified personnel working in hourly wage positions will record their hours worked via the time and attendance program. This time shall be maintained on a daily basis and shall accurately reflect time worked. Time sheets that do not accurately reflect time worked will be viewed as dishonest and will be grounds for immediate dismissal.

Time sheets shall be submitted electronically each pay period to the employee's supervisor. Changes in leave or errors in clock ins/outs must be reported within 24 hours to the supervisor or designee in order to maintain accurate data and ensure correct payments.

While the vast majority of classified employees will follow the processes outlined above, there will continue to be some instances where paper timesheets are allowed, i.e. Rule 10 coaches, working athletic events, tutoring, etc. Paper timesheets must be turned in by the published due dates in order to be processed in a timely manner.

Classified staff may use PTO when school is not in session during holiday breaks or district in-service. (Rev 8/14)

Years of Continuous Service	12 Month Employees	11 Month Employees	10.5 Month Employees
0 – 6 years	8	7.5	7
7 – 19 years	9	8.5	8
20 + years	10	9.5	9

For non-exempt employees, a “personal day” is equal to the regular scheduled hours of the work day.

Paid Time Off will be advanced in full to the employee’s account when the budget year or annual work agreement begins each school year.

Employees may draw against the entire balance credited to their account in July with the stipulation that any PTO taken but not earned prior to separation will be deducted from the employee’s last paycheck earned at a rate of 25% per quarter.

All PTO and Vacation must be used when absent..

If you are showing a negative PTO balance upon termination, your final paycheck will be deducted to reflect the negative PTO time.

Employees hired after July will be advanced a pro-rated PTO balance at the time of hire based on the number of months remaining in the calendar year. Employees are not eligible to use Paid-Time-Off until successfully completing the 90 day training program.

PTO may be earned from a combination of jobs as long as those jobs are permanent (not substitute) positions approved by the BOE and as long as they equal 20 or more hours per week. (revised 6/22/09)

PTO will continue to accrue during absences for military reserve duty, approved paid leave of absence, illness and/or disability to a maximum of one year with documentation of the disability, or absences covered by workers’ compensation until benefits have been received up to a maximum of one year or until the date a permanent award is made, whichever occurs first. (revised 6/22/09)

A permanent bus driver is defined as an employee who drives an A.M. and P.M. route, will accrue PTO pay on their permanent work schedule. (revised 6/24/13)

Vacation - 12 Month Employees - As of July 1, 2008, any employee granted full-time 12-month status will accrue Paid Time Off according to the rate table above in addition to vacation per district policy after 1 year of continuous service.

Scheduling

1. To the extent possible, leave is to be requested and approved by the supervisor in advance. In most cases, two (2) week of advance notice will be sufficient. Generally personal leave should be scheduled when school is not in session for 12 month employees. The supervisor/director reserves the right to deny leave requests which may have an adverse affect on the operation of the school or cancel previously approved leave requests if unexpected circumstances arise which require the employees attendance at work.

PTO Account Balance and Carry Forward Limits

Employees may carryover a maximum of five (5) days of unused PTO by June 30 or by the end of the annual work agreement unless written approval is given by the Department Director. Unused PTO up to 5 days can be sold back at an hourly rate of \$8.00 per hour.

Separation from the District

Employees are required to provide notice of intent to resign per district support staff handbook. Notice of resignation must be provided in writing to the supervisor with a copy to the Human Resources Department.

Employees may not use PTO time in lieu of notice of resignation. The last day actually worked will be considered the date of separation from the District. Upon separation of employment, the employee shall be paid for any Paid Time Off earned during the school year but not taken at a rate of \$8.00 per hour.

Sick Leave Reserve

May be used after all Paid Time Off (PTO) has been utilized except in the case of bereavement or after an absence of three (3) or more consecutive days due to personal illness, a written release from a doctor must be presented stating the employee is capable of returning to work. Sick Leave Reserve shall be allowed for personal illnesses of a staff member or immediate family member. The immediate family is defined as father, mother, sister, brother, husband, wife, son, daughter, grandparents, grandchildren, mother-in-law, father-in-law, daughter-in-law, son-in-law, or any persons making his/her home permanently in the household of the staff member. Decisions concerning sick leave reserve will be made by the building Principals, with questionable situations to be referred to Human Resources with final approval of the Superintendent. Once Sick Leave Reserve hours are exhausted, they will not be replenished. Sick Leave Reserve is not a form of compensation upon resignation. (Rev 9-11)

Bereavement

In the case of a death in the immediate family, as defined under Sick Leave Reserve, classified employees will be allowed up to 3 days of district paid bereavement leave and a maximum of 5 days of sick leave reserve for bereavement. If the staff member doesn't have any sick leave reserve then Paid Time Off may be utilized. Each employee may use two (2) days sick leave reserve per year for the death of the person not previously defined as immediate family. Decisions concerning bereavement applications will be made by the building Principals, with questionable situations to be referred to Human Resources with final approval of the Superintendent. (Rev 8-14)

Family Medical Leave Act (FMLA)

See BOE Policy GARI

Jury Duty / Subpoena

Employees required to perform jury duty/work-related subpoena shall be paid regular wages for the time absent. A copy of the notification to serve should be sent to the payroll department. The employee shall reimburse the district for money received by the court for jury duty, except the amount allowed for meals and mileage.

Leave Without Pay

The district expects employees to be reliable for scheduled work so any request for Leave without pay should be an exception.

Any request for a leave without pay must be submitted through the Time & Attendance Program as far in advance as possible and it will be reviewed on a case-by-case basis by the supervisor/building principal and the Human Resources Department.

Inclement Weather (rev 8/14)

When inclement weather leads to the closing of the school district, classified staff members will be compensated at their hourly rate of pay for the first two snow days each school year. For additional snow days classified staff may use PTO, leave without pay or will be offered the opportunity to make up additional weather related lost days at the conclusion of the school year. Duties at the conclusion of the school year may include grounds, maintenance and custodial assignments.

Designated employees who are identified for snow removal during weather related closure will receive one additional paid time off day for each snow removal day worked.

12 month employees should notify the immediate supervisor if they are unable to report to work for weather related closing on the 3rd and subsequent snow day(s).

SECTION IV. Compensation

Wage Placement

All support staff employees shall be paid in accordance with the Support Staff Wage Range. New employees may receive one range of placement for every two years of applicable experience to be recommended by the immediate supervisor and approved by the Superintendent. Normally range movement will not be more than five steps. Range movement shall be granted, when approved by the board of education, for all employees hired before March 1 of any budget year (or when an employee has substituted in the same employment category between July 1 and February 28 and remained employed through the end of that contract year) (revised 07/08)

Employees returning to the same division, after leaving the district in “good standing”, will be placed at the same rate of pay that had been earned as long as the employee returns to the division within five years. The school term of July 1 to June 30, shall be the “year” by definition. The termination date shall be the last date of actual work.

Continuous Employment Stipend (rev 8/14)

The USD 263 Board of Education shall pay a yearly stipend based on total years of employment with the district. The employment stipend will be paid during the December payroll.

\$100 after 5 years of service
\$150 after 10 years of service
\$200 after 15 years of service
\$300 after 20 years of services

Time Records

The district complies with all applicable laws that require records to be maintained of the hours worked by our employees. The timesheet used to record your time may vary, depending on your employment status. Non-exempt employees complete an electronic timesheet as the basis for tracking the hours worked for computing pay. Your supervisor will explain how to maintain your time records accurately.

All employees, working six (6) consecutive hours or more per day must take a thirty (30) minute duty-free lunch break. The thirty (30) minute duty free lunch period will not be counted as time worked.

Accuracy and Authenticity of Time and Attendance Reporting

It is your responsibility to report your time worked, meal periods, and/or leaves accurately and completely for each pay period. Any falsification or misrepresentation of time and attendance information may result in disciplinary action, up to and including immediate termination.

You are responsible for recording all time worked by using the time and attendance program at your computer or by utilizing a time clock and reporting the total number of hours worked during the pay period.

You are responsible for the accuracy of your own time records and are not to complete time records for another employee or allow another employee to complete your time records. Violation of this policy will result in disciplinary action up to and including termination.

Overtime

All overtime must be approved in advance by the immediate supervisor and the reason for the overtime should be explained on the timesheet. Overtime will be paid at the rate required by current law. Overtime pay is paid for hours actually worked in excess of 40 hours per week.

Unauthorized Overtime

Working unauthorized overtime is prohibited; employees must have their supervisor’s prior approval.

Exceptions

Exceptions to the Employee Timekeeping Policy must be approved by the director in consultation with the director of human resources.

Pay Day (revised 7/08)

Payroll checks for classified employees will be issued on or close to the 15th and last day of the month. Pay stubs can be viewed online on the Employee Services Portal.

Direct Deposit

All employees may sign up for direct deposit to have their paychecks automatically deposited into their bank account. Direct deposit forms are available on the district website or by contacting the payroll or HR department.

Supplemental Stipends

An annual stipend approved annually by the Board of Education will be established for the activity/athletic supplemental salary schedule. This stipend will be based upon the number of years of experience verified by the sponsor/coach. Persons approved annually by the Board of Education and completing assignments as sponsors/coaches shall be eligible for the experience stipend as proposed in the supplemental schedule proposed for the 2009-2010 school year. The supplemental stipend is calculated by 1.5% per year of experience times the supplemental salary. The stipend is maxed out at 14 years of experience or 20% of the supplemental amount. Years of service would be counted for "like" experience at middle school, high school or college levels. Example: Football for football, volleyball for volleyball. Classified employees will be required to track hours worked using the time and attendance program. If the program is not accessible District provided timesheets must be submitted with corresponding payroll schedule.

Verification of experience may include copies of contracts or a letter of endorsement from a district and must be received by the Building Athletic Director or designee, upon signing of initial supplemental contract. (revised 10/11)

1. Early Retirement

A. Philosophy

The BOE of U.S.D. 263 will grant early retirement to all support staff employees who qualify. The primary purpose of the early retirement program is to reward employees for their service to the district, to enhance the benefits of employment in the district, and to facilitate the necessary and/or desirable early retirement of employees.

B. Regulations and Guidelines for Early Retirement

1. **Eligibility** – to be eligible for retirement, a support staff employee must meet each of the following requirements:

SECTION VI. Safety and Security

Workers' Compensation

U.S.D. 263 provides workers' compensation for all employees. When an employee is injured on the job they will report to the following physician in order to be assured of receiving full coverage of the cost of such services:

**Mulvane Family Medical Center
1004 SE Lois Drive
777-0176**

Sick leave pay will be reduced by the amount of the workers' compensation salary benefit received.

Supervisor's Responsibility

Employee safety on the job is the primary responsibility of every supervisor or director. It is the supervisor's duty to see that there is complete safety in his or her area at all times. To make the policy effective, every member of management ensures that work assigned is not hazardous or located in a hazardous area until all steps have been taken to provide for employees safety.

Supervisors must ensure that all employees receive proper job instruction and training on safety and health guidelines and regulations. Work areas are frequently examined to ascertain that the work environment is safe and that employees are working in a safe manner. Any safety and health deficiencies will be corrected immediately. Accidents are investigated and corrective action is initiated where necessary.

Employee Responsibility

Every employee has a specific role in safety efforts. Each employee is expected to participate actively in working safely and observing all safety measures. Each employee is to report every accident and any safety hazard in his or her work area to his or her supervisor. Each employee is to wear the proper personal safety equipment.

Reporting Injuries

Injuries, no matter how minor, are to be reported to your supervisor immediately. If circumstances require first aid, qualified personnel must give the employee first aid treatment.

If the injury or illness is of the nature that the employee can continue to work, the district will assist in an effort to keep the employee from losing time and regular pay. When the injury or illness requires an employee to miss work for 3 or more days, he or she must provide a doctor's statement advising the district that he or she is under the doctor's care and is unable to work. When absent as such, the employee must stay in contact with the district daily or, if the absence is in excess of one week, he or she must report on the first working day of each week, unless other arrangements acceptable to the district are approved in advance. Before returning to work, the employee must present a statement from the district physician releasing him or her from the doctor's care and is able to resume work.

Employees who sustain an occupational injury or illness will be compensated in accordance with the Kansas Workers' Compensation Act. In order to receive such benefits, the appropriate notification and medical reports must be provided by the employee. Failure to report injuries or illnesses immediately may result in a delay or denial of workers' compensation benefits.

Correcting Deficiencies

The supervisor is responsible for correcting, or causing to be corrected, any hazard that is found as a result of his or her department inspections or investigation of an accident, or is brought to his or her attention by an employee. All corrective action must be followed up to ensure completion.

Accident Investigation

Upon receipt of an investigation form, it shall be completed as soon as possible and returned to the Human Resource Department. Instruction on the form should be followed explicitly.

Discipline

Violation of safety guidelines may result in discipline up to and including termination.

Physical Examination

Any required physical examinations or drug/alcohol testing will be given in strict compliance with the American with Disabilities Act. Medical records shall be maintained in confidence as required by applicable law.

SECTION VII. Employee Development and Training

Job Performance Evaluation

All employees shall be evaluated annually (paraprofessional once per semester during the first year of employment). The evaluation shall be in writing and shall be performed by the immediate supervisor(s) to whom the employee is directly responsible. The building principal shall consult with the director and sign-off on the evaluation. The evaluation shall be signed by the employee, and the employee shall be given a copy of the evaluation. Evaluations shall be completed prior to April 1 of each school year, and a copy of the completed evaluation shall be forwarded to the Human Resource Department. The written evaluation shall be maintained in the personnel file of the employee for a minimum of three (3) years from the date of the evaluation. The prime objective of the evaluation procedure shall be the improvement of job performance.

Classified employees may be permitted to attend various workshops and training sessions. All classified employees are expected to attend in-service programs and workshops that are scheduled at various times before school starts and through the year and will be paid for attending accordingly.

When classified personnel are required to be out-of-town on district business, an employee shall be compensated in the following manner:

Regular or overtime pay as appropriate for the time away from USD 263 less:

1. Eight (8) hours for sleep when overnight
2. Reasonable time for meals (normally one hour per meal)
3. Time used exclusively for pleasure or personal business

Reimbursement for use of an automobile driven to and from the location of a professional activity will be paid for at a rate established by the Board. Personal vehicles should only be used when a district vehicle has been requested and not available.

All expenditures of district funds necessary for achieving the permits shall be approved in advance by the Superintendent. Job specific requirements should be listed in position description.

All personnel transporting students shall be required to attend and satisfactorily complete a Red Cross Safety Course, First Aid Course, and Defensive Driving Course to be renewed every 3 years and a CPR course to be renewed annually.

SECTION VIII. Discipline and Rules

Disciplinary Action

The following procedures are generally utilized with respect to discipline. It is the policy of the district that any conduct in its view that interferes with or adversely affects employment is grounds for disciplinary action ranging from verbal warnings to immediate discharge.

Depending on the conduct, disciplinary steps may be enforced by the following methods in the listed order: verbal warnings, written warnings, suspension, or termination. Warning notices will be placed in the applicable employee's personnel file.

Factors that may be considered in ascertaining the appropriate steps include: (1) seriousness of conduct; (2) employment record; (3) employee's ability to correct conduct; (4) action taken with respect to similar conduct by other employees (5) effect on students and co-workers; and (6) surrounding circumstances. Some conduct may result in immediate dismissal. Examples of behavior that may result in immediate dismissal include: (1) theft; (2) coming to work under the influence of an intoxicant or possessing the same on district property; (3) arguing or fighting; (4) false statements (5) insubordination; (6) unauthorized disclosure of any confidential district information; (7) unlawful discrimination or harassment; (8) failure to cooperate with an investigation; and (9) violation of any district rules or regulations of which the employee has been notified. These are only examples of behavior and the list is not intended to be all-inclusive. There will be an investigation to ascertain what occurred and the presence or absence of the factors listed above. Employees are expected

to cooperate with the investigation. When there is reason to believe that an employee has violated district policy, action will be taken that is consistent with this policy.

U.S.D. 263 is an “at-will” employer and nothing in this policy is intended to require management to implement or follow a progressive discipline program nor is it meant to alter the employee’s at-will status. Further, the district continually updates and reviews policies and, accordingly, its disciplinary procedures are subject to change.

Chain of Command

Employees are to follow the proper “chain of command” by first contacting your immediate supervisor for resolution of problems. Exceptions may be made if the supervisor is the source of the complaint, for example, in a situation involving harassment.

The Human Resource Department will be an available resource for any employee upon request who believes a third party intervention is necessary between the building administrator or department director.

The process is an internal mechanism designed to ensure prompt and impartial consideration of concerns by any employee. The director or principal does not need to agree and be willing to actively participate in the process. The employee should contact Human Resources to initiate the process and HR will arrange the meeting.

Without formalizing the process it will be expected all participants agree that all matters disclosed and documents produced shall remain confidential. The HR department will prepare a written summary outlining the purpose and resolution of the meeting.

Regardless of the outcome of this process, an employee shall not be retaliated against for raising concerns of this nature brought forward with a good faith belief that a legitimate problem exists between the employee and director or administrator

Grievances – BOE Policy GAE

Sexual Harassment & Racial Harassment - See BOE Policy GAAC and GAACA.

Resignations

Employees may request release from employment at their discretion provided they give two-week notice. A written notice of resignation shall be given to the immediate supervisor and forwarded to Human Resources. Resignation forms are available on the district website or by contacting the payroll or HR department.

For example, if an employee uses his/her own time to attend a seminar that better his/her work skills OR if an employee develops a cost-saving or more effective method of accomplishing a task, a merit award might be recommended by the supervisor. A form is available on the district website.
